

How to draw STICK BOY

Start here ↴

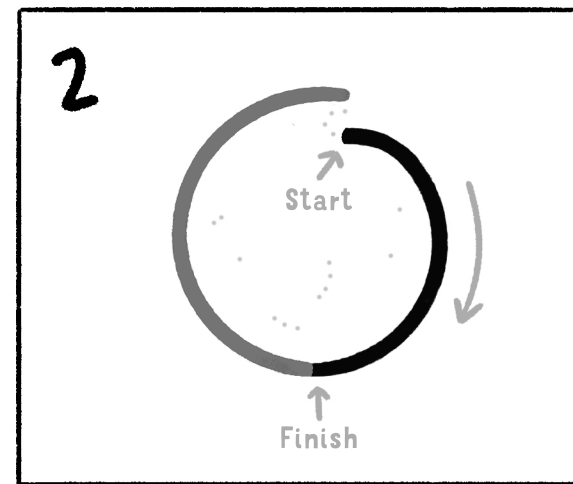

You can draw over these dots.
That's a totally cool way of doing it.
Like a dot-to-dot. You get it.

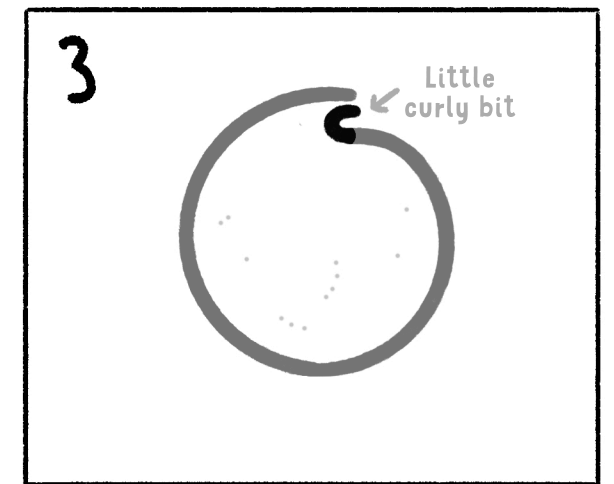

Draw Stick's Head

Draw the big side of Stick's face first.
Start at the top and finish at the bottom.

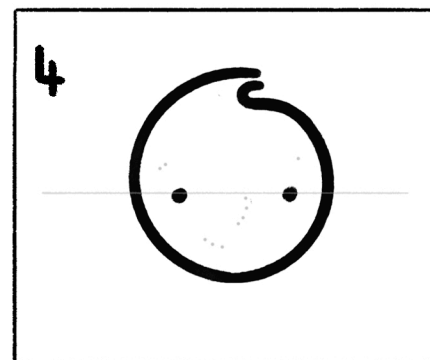

Draw the small side of Stick's face next.
Start at the top and finish at the bottom.

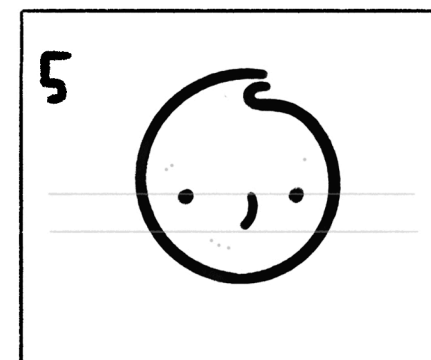

Draw the little curly bit last.
You can draw this any way you like.
I'm not the boss of you.

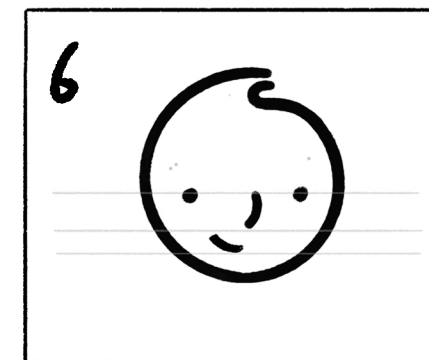

Draw Stick's Face

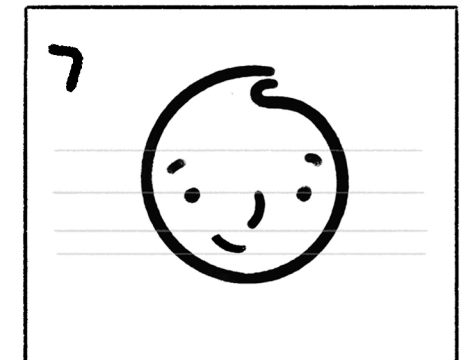

Draw a line half way between
Stick's curl and his chin.
Put two dots on this line
for his eyes.

Draw a line half way between
his eyes and his chin.
Draw Stick's nose
between these two lines.

Draw a line half way between
his nose and his chin.
Draw Stick's mouth
near this line.

Draw a line half way between
his eyes and his curl.
Draw his eyebrows
under this line.

All the feels

Big mouth filled in, eyes
and eyebrows higher up.

Eyes and eyebrows lower,
eyebrows upside-down.

Eyebrows waaaaay up,
mouth in a 'o' shape.

Eyes and eyebrows touching.
Mouth in a triangle shape.

Eyebrows up and to the sides,
mouth almond shaped.

Eyes closer to one side,
eyebrows at different heights.

Experiment! Make Stick come to life by changing his features. Remember, there are no rules. Except that his curl is always in the same place.
Okay, there's one rule. Have fun! Share your creations on a grown-up's Instagram using #stickboy.
